

For those wanting to listen to our services on their phone, try installing the Xiia app. Once the app is installed, you will need to add a new Favorite so that you can access our audio stream.

In Xiia, go to FAVORITES, click the + to add a new Favorite, and for the URL enter <http://104.168.164.252:8000/radio.mp3>.

Click NEXT and enter a name for the new favorite. SAVE the changes. When you click on the new Favorite, the service should play.
